I am pleased to announce that the Chamber of Mines of Namibia will be hosting the first ever Namibian Mining EXPO during 27 – 28 May 2010, at the Safari Hotel and Conference Centre in Windhoek.

The theme for this year's EXPO is '**Sustainability in Mining: 2010 and Beyond**' and the Chamber of Mines would like to achieve the following objectives:

- showcase the Namibian mining industry
- showcase and discuss industry contributions to the Namibian economy/society
- present and promote career opportunities in the mining industry
- network and engage with stakeholders

The primary target for this exhibition are the Namibian government, suppliers of goods and services to the mining industry, contractors, local and international mining companies, secondary school learners, career offices (at schools), general public, investors and interest groups.

We invite you to participate in this event to help showcase the Namibian mining industry. In doing this, you will play a pivotal role in the promotion of mining in Namibia.

The Chamber of Mines has engaged the services of Capricorn Investment Holdings (CIH) marketing consultancy division to assist in hosting and organising the Mining EXPO 2010. The CIH team will contact you shortly to discuss your participation in the EXPO. Please give them your full support.
